INDEX

AMERICAN JOURNAL OF NURSING
Volume 93, Numbers 1–12 Frederick W. Pattison, Indexer January–December 1993

This index is arranged in two sections, the Subject Index and the Name Index. Articles are entered under the name of the author and joint authors in the Name section and under one or more subjects in the Subject section.

News items are indexed under the names of the organizations or groups mentioned in the Subject Index as well as under the subject of the news item.

NOTE: In addition to subject headings used in **Medical Subject Headings (MeSH)**, published by the National Library of Medicine, pertinent nursing headings and updated headings in other health disciplines are used to make this index more useful and relevant.

Abbreviations used in this index are:

(CA)	Career Guide	(D)	Directions	(FDA)	From FDA Nurses	(OS)	On the Spot
